## SUMMARY

Highly motivated and enthusiastic Computer Science student with specialization in e-commerce. Skilled in web development with knowledge in Python, Java, and C++. Currently expanding knowledge in AWS technical and data engineering concepts. Hands-on experience in developing web projects through college initiatives. Passionate about learning and applying modern technologies to solve real-world problems efficiently. Seeking opportunities to contribute and grow in the fields of cloud computing, web development and data engineering.

## EDUCATION

### Sophia Senior Secondary School

Class X **82.2%** July 2020

### Sophia Senior Secondary School

Class XII **81.4%** July 2022

### VIT Bhopal University

CGPA **8.33** Expected Graduation: 2026

## TECHNICAL SKILLS

### Languages

- Python
- JavaScript
- Java
- C++

### Web Development

- React JS
- Next JS
- Node JS
- HTML/CSS

### Cloud & Data

- AWS Technical
- SQL/Mongo DB
- Power BI/ETL

## CERTIFICATIONS

- HTML, CSS, and JavaScript for Web Developers, (Coursera)
- Modelling and Analytics for Supply Chain Management (NPTEL)
- AWS Cloud Technical Essentials (Coursera)
- Introduction to Datasets (Meta) (Coursera)

## PROJECTS

### ManageWaste

- A web app built with TypeScript to promote cleanliness by encouraging user participation.
- Users can capture images of waste they find.
- An AI system verifies it and rewards points for contributions.
- Aims to promote community-led waste management.

### E-Commerce App

- A full-stack application using React and MongoDB for e-commerce.
- Allows users to browse and buy products
- Mimics a real-world online shopping platform.

### Wealth Management App

- A Next.js-based wealth tracking application.
- Users can add financial accounts and transactions.
- Provides insights into spending and income.
- Includes an AI receipt scanner that auto-extracts amounts.

### Finance App

- A React project that visualizes company expenses on a modern dashboard.
- Predictive analytics using machine learning for future expense forecasting.
- Useful for financial planning and decision-making.

## Hobbies

- Bodybuilding
- Reading Books
- Coding

## Languages

- English
- Hindi
